

VICTORIA COURT · HOME UPDATES & CAPITAL ALLOCATION PLAN

A Clean 2026 Launch Partnership (\$45.2k Total Ask) · Permanent \$2,000/Mo Liquid Savings · Accelerated Self-Funding (2027–2028)

Executive Master Strategy:

Daniel is **100% self-sufficient** for his housing and living obligations, earning **\$150,000 USD / year** (\$100k taxable PR salary + \$50k non-taxable donation), yielding **\$4,784.15 net bi-weekly** (\$9,568.30 monthly net). His monthly burn covers his mortgage (\$3,305.55), HOA (\$375.00), upper utilities (\$750.00), and lifestyle budget (\$3,137.75 / \$101.22 per day).

- **Strict \$2,000 / Month Liquid Savings:** Daniel injects **\$2,000.00 every single month** directly into his Banco Popular liquid bank (\$24k/year), never to be touched for renovations.
- **Untouchable Reserves:** Daniel's **£8,000 GBP (\$10,160 USD)** in Monzo UK is permanently preserved.
- **Clean 2026 Partnership Wrap-Up:** Parents support **Phase 1 (\$37,591)** and **Phase 2 in Dec (\$7,602)** for a total ask of **\$45,193.00**. The partnership is 100% concluded in 2026.
- **Accelerated Self-Funding from Bonus Checks:** Because Daniel is paid bi-weekly, 3-paycheck months generate pure excess cash. Daniel self-funds **Phase 3 in July 2027 (\$6,770)**—a full year early—and **Phase 4 in 2028 (\$16,335)** without touching a penny of his \$2,000/mo liquid savings!

Executive Clarity for Parents Discussion:

- **Davis is 100% Concluded in September:** Davis receives \$12,700 in September upon full completion. In October, Davis receives \$0.
- **Turnkey Move-In (October 28):** Daniel contributes \$4,500 in cash from his October paycheck surplus (bringing his direct investment in Phase 1 to \$15,689). The October ask is \$24,891 for specialty trades and move-in furniture.
- **Phase 2 Tech & Guest Room (December 2026):** Executed 100% in December for \$7,602.00, enabling complete turnkey holiday hosting.
- **Zero Asks in 2027+:** The parents' partnership ends completely in December 2026 at **\$45,193.00 Total**.

4. Dual-Account Wealth Trajectory: Liquid Bank vs. Excess Cash Pool

5. Self-Funding Phases 3 & 4 from 3-Paycheck Excess Cash (Zero Touch on Savings)

Because Daniel is paid bi-weekly (26 paychecks per year), his monthly bills and strict **\$2,000.00 / month liquid savings** are 100% covered by regular 2-paycheck months. Every month that has a **3rd paycheck** generates **+\$4,784.15 of pure excess cash**. Daniel channels this bonus pool into self-funding future home updates without touching a single dollar of his liquid bank vault!

Future Work Phase	Target Execution	Scope Summary	Cost (\$)	Funding Source
Phase 3: Art & 2nd Guest Bedroom	July 2027 (1 Year Early!) TOTAL FUTURE PHASES (3 & 4)	Jul 2027 – 2028	All secondary guest suites, workstation, outdoor terrace & art realization	\$23,105.00	\$0 Parents Ask (100% Self-Funded)

■ ■ Permanent Wealth Governance:

1. **Strict \$2,000/Mo Savings Injected:** By Dec 2027, Daniel has **\$30,000.00** in Banco Popular liquid savings. By Dec 2028, he has **\$54,000.00**.

2. **Zero Touch on Savings:** 100% of Phase 3 (\$6.8k) and Phase 4 (\$16.3k) are funded strictly from the 3-paycheck excess cash pool, leaving the \$54k savings vault completely intact.

3. **UK Monzo Reserve Untouched:** £8,000 GBP (\$10,160 USD) remains permanently preserved in the UK.

4. **Dynamic Utility Self-Correction:** If utilities run lower than \$750/mo, lifestyle spend expands; if higher, lifestyle contracts to guarantee the \$2,000 savings injection is never missed.
